Denise,

A resident approached our staff with concerns for the ability of emergency vehicles to traverse the roadway when the street has parking on both curblines. Upon consideration, our office determined that a parking prohibition was in order.

The figure below indicates the prohibited parking area in red. This is the southerly side and around the bulb of the cul-de-sac. The southerly side was chosen because there are fewer driveways and, more importantly, there is a fire hydrant on that side, which is a statutory no parking zone.

Very truly yours,

I received the request for a No Parking Ordinance for Frederick Court.

For my info in case I get questions:

- Who/what precipitated this request.
- Can I get a map showing the no parking area

Thanks
