Dear VICTOR,

The Esri Small Utility Enterprise License Agreement (ELA) is a three-year agreement that will grant your organization access to Esri® term license software on an unlimited basis including maintenance on all software offered through the ELA for the term of the agreement. The ELA will be effective on the date executed and will require a firm, three-year commitment.

Based on Esri's work with several organizations similar to yours, we know there is significant potential to apply geographic information system (GIS) technology in many operational and technical areas within your organization. For this reason, we believe that your organization will greatly benefit from an enterprise license agreement.

An ELA will provide your organization with numerous benefits including:

- A lower cost per unit for licensed software
- Substantially reduced administrative and procurement expenses
- Maintenance on all Esri software deployed under this agreement
- Complete flexibility to deploy software products when and where needed

The following business terms and conditions will apply:

- All current departments, employees, and in-house contractors of the organization will be eligible to use the software and services included in the ELA.
- If your organization wishes to acquire and/or maintain any Esri software during the term of the agreement that is not included in the ELA, it may do so separately at the Esri pricing that is generally available for your organization for software and maintenance.
- The organization will establish a single point of contact for orders and deliveries and will be responsible for redistribution to eligible users.
- The organization will establish a Tier 1 support center to field calls from internal users of Esri software. The organization may designate individuals as specified in the ELA who may directly contact Esri for Tier 2 technical support.
- The organization will provide an annual report of installed Esri software to Esri.
- Esri software and updates that the organization is licensed to use will be automatically available for downloading.

- The organization will act as an Esri reference site and will permit Esri to publicize its use of Esri software and services.
- The fee and benefits offered in this ELA proposal are contingent upon your acceptance of Esri's Small Utility ELA terms and conditions.
- Licenses are valid for the term of the ELA.

The terms and conditions in this Small Utility ELA offer are for utilities with a total meter/subscriber count which falls under the applicable tier in the Esri ELA Small Utility Program. By accepting this offer, you confirm that your organization's meter count falls within this range on the date of signature and that you are therefore eligible for this pricing. If your organization's meter/subscriber count does not fall within this range, please confirm your current meter/subscriber count, and Esri will provide a revised quotation.

This program offer is valid for 90 days. To complete the agreement within this time frame, please contact me within the next seven days to work through any questions or concerns you may have. To expedite your acceptance of this ELA offer:

1. Sign and return the signature page of the ELA with a Purchase Order or issue a Purchase Order that references this ELA Quotation and includes the following statement on the face of the Purchase Order: "**THIS PURCHASE ORDER IS GOVERNED BY THE TERMS AND CONDITIONS OF THE ESRI SMALL UTILITY ELA, AND ADDITIONAL TERMS AND CONDITIONS IN THIS PURCHASE ORDER WILL NOT APPLY.**" Have it signed by an authorized representative of the organization.
2. On the first page of the ELA, identify the central point of contact/agreement administrator. The agreement administrator is the party that will be the contact for management of the software, administration issues, and general operations. Information should include name, title (if applicable), address, phone number, and e-mail address.
3. In the purchase order, identify the "Ship to" and "Bill to" information for your organization.
4. Send the purchase order and agreement to the address, email or fax noted below:
