Subject: FY2015 AFG Grant - Updated Price Quotes
Attachments: Updated Hurst Rescue Equipment Price Quote 12-22-15.pdf

Attached is the updated rescue equipment pricing for the FY2015 AFG grant.
The total cost of the equipment is \$277,496.00.
There is a 10% cost match with this grant.
The federal share is \$249,746.40
The city share is \$27,749.60.

As stated in previous e-mails, this is a one for one replacement of our current Hurst "Jaws of Life" Extrication equipment upgrading from a 5,000 psi system to a 10,000 psi system for greater cutting and pushing force.

Other Eligibility Criteria

National Fire Incident Reporting System (NFIRS)

NFIRS reporting is not a requirement to apply for any AFG Program; however fire departments that receive funding under this program must agree to provide information to the NFIRS for the period covered by the assistance. If a recipient does not currently participate in the incident reporting system and does not have the capacity to report at the time of the award, that recipient must agree to provide information to the system for a twelve-month period commencing as soon as possible after they develop the capacity to report. Capacity to report to the NFIRS must be established prior to the termination of the one-year performance period. The recipient may be asked by FEMA to provide proof of compliance in reporting to NFIRS. Any recipient that stops reporting to NFIRS during their grant's period of performance may be subject to the remedies for noncompliance at 2 C.F.R. § 200.338, unless they have yet to develop the capacity to report to NFIRS, as described above.

There is no NFIRS reporting requirements for nonaffiliated EMS organizations and State Fire Training Academies.

National Incident Management System (NIMS) Implementation

AFG applicants are not required to be in compliance with the National Incident Management System (NIMS) to apply for AFG funding or to receive an AFG award. Any applicant that receives an FY 2015 AFG award must achieve the level of NIMS compliance required by the authority having command and control jurisdiction over the applicant's emergency service operations (e.g., a local government), prior to the end of the grant's period of performance.

Maintenance of Effort

An applicant seeking an AFG Grant shall agree to maintain, during the term of the grant, the applicant's aggregate expenditures relating to activities allowable under this NOFO, at not less than 80 percent of the average amount of such expenditures in the two preceding fiscal years to the year this grant is awarded.

Cost Share or Match

Recipient cost sharing is generally required as described below.

In general, eligible applicant shall agree to make available in non-federal funds, an amount equal to and not less than 15 percent of the grant awarded, except for entities serving small communities:

- When serving a jurisdiction of 20,000 residents or fewer, the applicant shall agree to make available non-federal funds in an amount equal to and not less than 5 percent of the grant awarded.
- When serving a jurisdiction of more than 20,000 residents, but not more than 1,000,000 residents, the applicant shall agree to make available non-federal funds in an amount equal to and not less than 10 percent of the grant awarded.
- When serving a jurisdiction of more than 1,000,000 residents, the applicant shall agree to provide non-federal funds in an amount equal to and not less than 15 percent of the grant awarded.

The cost share for SFTAs will be based on the total population of the State.
