MEMORANDUM TO: Bob Dickenson, Asst. BA 

RE: Resurfacing of Landis Avenue, Phase 1
from Myrtle St to Boulevard
Federal Project No. STP-1030(108)
NJDOT Job No. 6014407
City Eng. Project No. 15-002

On May 6, I forwarded correspondence from NJDOT which included Agreement Modification No. 2 for the above referenced project.

There was some confusion about this modification, resulting in it being pulled from City Council Agenda.

Part of the confusion pertains to resolution 2016-147, which was intended to be a change order approval for this project in the amount of \$62,459.20, with language that would allow the execution of a Modification. As it turns out, that resolution authorized a modification, and, seemingly, approves a change order.

The Modification No. 2 which came from NJDOT, in the amount of positive \$49,667.00, is not related to the change order which was approved. My contact at NJDOT, Alka Shah, indicated to me that this is overdue from the time of contract award.

I respectfully request that City Council review and approve this Modification No. 2 at the next available public meeting.

Please contact me at your earliest convenience to discuss this matter further.
