II. PROJECT DESCRIPTION

The proposed construction project includes the construction of new traffic signals, and removal and disposal of existing traffic signals at the following intersections:

- Landis Avenue and Myrtle Street
- Landis Avenue and East Avenue
- Landis Avenue and Eighth Street
- Landis Avenue and Seventh Street
- Landis Avenue and Sixth Street

This section of Landis Avenue was recently resurfaced. As a part of that project, the contractor installed empty conduit for the use of this traffic signals project. No paving work is expected as a part of this project.
