

**CITY OF VINELAND**  
**DEPARTMENTAL REQUEST FOR PUBLIC BIDDING**

1. NATURE OF REQUEST: VMEU Combustion Turbine Filters

2. ENGINEER'S ESTIMATE: \$ \$85,000.00  
*(If Engineer's Estimate has been prepared by anyone other than the person signing this form, please attach a copy of said Engineer's Estimate.)*

3. AMOUNT BUDGETED FOR THIS REQUESTED ITEM: \$ \_\_\_\_\_

4. BUDGETED ITEM: YES  NO   
*(If no, is it an ordinance authorized material, service or supply?)*  
YES  NO  ORDINANCE NO.: \_\_\_\_\_

(B) Please identify the page number and line item appropriation sub-account:

Budget Page No. \_\_\_\_\_ Account No. 002-0-54-90-9001-2-7023207

5. Check here if:  
Federal Funds  State Funds   
UEZ Funds  Davis Bacon Requirements

E 548 X  
E 548 C

*(If any of the above are checked, the project must be monitored by the department for compliance with prevailing wage rate policy and procedures.)*

6. Date to be Advertised: May 23, 2017

7. Date to be Received: June 13, 2017

8. Date to be Awarded: July 17, 2017

9. Special Conditions or Instructions: \_\_\_\_\_

10. The following must be attached:

- Summary of Project
- Specifications
- Plans (if applicable)
- Bidders Mailing List (with emails of the vendor)

11. Specifications Prepared by: M. I. Puri ; Principal Engineer Ext. 4249  
(NAME, TITLE AND EXTENSION NUMBER)

*Handwritten notes:*  
MIP 5/8/17  
JPM 5/8/17  
Secretary 5/8/17

12. Approved by: \_\_\_\_\_  
SIGNATURE (DIRECTOR, DEPARTMENT HEAD, SUPERVISOR)

Send copies to:  
Purchasing Department  
Business Administration

*Handwritten signature of M. I. Puri*

## PROJECT SUMMARY

### OPEN ENDED SPECIFICATION FOR VMEU COMBUSTION TURBINE FILTERS

2017-18

This specification is for an open ended contract for various newly manufactured filter elements required for the Utility owned three (3) combustion turbine units located at the Howard M. Down , Clayville and West Sub. generating stations. Initial order quantities as specified will be ordered at the time of award and additional quantities will be ordered on an as needed basis in quantities equal to or greater than the minimum re-order quantities specified for each item.

There are about twenty five (25) types of filters required for the above stations. All of the required filters may or may not be available from a single source for the best price and delivery. The required filters have, therefore, been split into five (5) groups based on filter sources to facilitate awarding contracts to different vendors by filter group to suit the best interest of the Utility.

The specification has provisions for an automatic extension of the contract for a second year unless either of the parties informs otherwise.
