**Scope of Work:**

To replace corroded and failing corrugated aluminum storm drainage pipe with a high density plastic ribbed pipe (ADS pipe or equal). Throughout The City of Vineland there are failing aluminum storm drain pipes. These failing pipes are causing sink holes in our roads and properties. It is the intention of The City of Vineland Public Works Department to replace these failing drainage pipes with a lifelong high density plastic ribbed pipe.

The attached specifications and qualities of ADS pipe are described and these specifications and qualities are what the Public Works Department will be using for the drainage replacement projects.

The following are quantities and dimensions of ADS pipe or equal:

<u>Possible Number of Pieces:</u>	<u>Pipe Piece Width x Length:</u>	<u>Price/Piece of Pipe:</u>
Used of ADS Pipe		
0 to 10 pieces	36 inches x 20 feet	
0 to 154 pieces	24 inches x 20 feet	
0 to 100 pieces	18 inches x 20 feet	
0 to 40 pieces	15 inches x 20 feet	

The drainage pipe is to be delivered to the Public Works yard at 1086 E. Walnut Road, Vineland, NJ, or a designated single location in The City of Vineland, NJ.

This contract is to supply ADS drainage pipe for a one (1) year period. The price of the pipe will remain the same for the length of the contract. The contract period will be November 1, 2017 until October 31, 2018.
