11. The following must be attached:

Summary of Project:
The EPA requires that all Water suppliers sample Unregulated Contaminants. The Event is called UCMR4. Vinelands sampling event is due in 2018 January and July. The Federal Government is requiring this to find out what specific levels of contaminants are in the drinking water that are not currently regulated so that they may decide if an MCL is required. The Federal Government decides what to test for.

Specifications: See attached parameters for testing

Plans (if applicable) N/A

Bidders Mailing List (with emails of the vendor)
All demolition and construction contractors
