**EXHIBIT 1 to DECLARATION
RECREATION AND OPEN SPACE INVENTORY**

The Recreation and Open Space Inventory (ROSI) is a document compiled by a local government unit as a master list of its Green Acres-restricted lands (known as "parkland" under the Green Acres rules *N.J.A.C. 7:36*). Lands that are subject to Green Acres restrictions cannot be disposed of, or diverted to a use other than recreation or conservation purposes, without the approval of the DEP Commissioner and the State House Commission. The Declaration of Encumbrance, including the ROSI, is recorded with the appropriate county clerk as a condition of the Green Acres funding contract in order to provide notice of the Green Acres restrictions on these lands to title searchers and the general public.

LANDS THAT SHOULD BE LISTED ON THE ROSI

Green Acres-restricted lands fall into two categories: funded parkland (lands included in the acquisition or park development projects funded by the Green Acres Program) and unfunded parkland (other lands held by the local government unit for recreation or conservation purposes at the time it received Green Acres funding). All funded and unfunded parkland parcels must be listed on the ROSI.

Lands owned by school boards, parking authorities, housing authorities, and similar public agencies without primary recreation or conservation responsibilities should not be inventoried unless they are also held for recreation and conservation purposes by the Local Government Unit. (e.g., through a lease, easement, use agreement or other agreement to which the Local Government Unit is a grantee.)

The ROSI should be compiled by a staff person who is knowledgeable about the local government unit's land holdings, uses of the land holdings and local land use regulations. The Local Government Units' planning board, environmental commission and other boards or commissions are encouraged to participate in the preparation and review of the ROSI.

The ROSI form is divided into three sections: Page 4, for land held in fee simple for recreation and conservation purposes; Page 5, for land held under a conservation restriction; and Page 6, for leases or use agreements held by the Local Government Unit for recreation and conservation purposes. Please review the Sample ROSI Sheets tab before completing the ROSI.

WHEN PREPARING AND SUBMITTING THE ROSI, please take note of the following:

The page number and the total number of pages in the completed ROSI must be entered at the top right corner of each page. **All pages, excluding the Sample ROSI Sheet, must be submitted.** Facility Names should be typed in all capital letters when filling out the three sections. All fields in each section should be filled in - including the acreage for each individual lot (do not submit the total acreage for the park). If there have been block and lot changes (consolidation / renumbering) since the last ROSI submission, please complete the last page of this document.

ROSI TAX MAPS

As an attachment to the ROSI, the local government unit should submit a copy of each appropriate municipal tax map (current as of the date of the Green Acres application) showing the parcels of parkland listed on the ROSI, with the approximate boundaries of each parcel clearly marked in colored ink. (See *N.J.A.C. 7:36-6.4(a)3ii* or *12.4(a)4ii*). If only a portion of a current tax lot is encumbered, the Green Acres-encumbered portion of the parcel should be clearly delineated, to scale, on the tax map. The Green Acres Program encourages local government units with Geographic Information System ("GIS") capability to utilize aerial maps (overlaid with digitized tax map lines) instead of photocopies of the tax map. If aerial maps are used, the local government unit should submit paper copies of the GIS-based maps to the Green Acres Program and should include with its submission a disk containing the mapping information in a **shapefile** format.

Form Specific Instructions

For parcels held in fee simple or in conservation restriction (easement), please provide the following: (1) location (as listed in the municipality's tax records), (2) name of park/facility, (3) block and lot identification numbers as shown on the current, official tax map, (4) the acreage for each individual lot, (5) whether the interest held by the local government unit for recreation or conservation covers the full or only a portion of the tax lot, (6) if partial lots are involved, the Green Acres encumbered acreage, (7) if the property is co-owned with other partners, (8) a notation of whether the property is subject to a conservation easement funded by the Environmental Infrastructure Funding Program (EIFP), and (9) a notation about whether the parcel is funded or unfunded parkland.

For parcels held through a lease or use agreement, please provide the following: (1) location (as listed in the municipality's tax records), (2) name of park/facility, (3) block and lot identification numbers as shown on the current, official tax map, (4) the acreage for each individual lot, (5) whether the interest held by the local government unit for recreation or conservation covers the full or only a portion of the tax lot, (6) if partial lots are involved, the Green Acres encumbered acreage, (7) the expiration date for the lease or use agreement, (8) the name of the underlying landowner, and (9) a notation about whether any of the recreation and conservation facilities on the encumbered property were funded by Green Acres or whether the leasehold interest is considered unfunded parkland.

Certification

If the local government unit is a municipality, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and the planning board chairperson. If the local unit is a county, the completed ROSI must be reviewed and duly executed and certified by the chief executive officer and one of the following: the parks director, or the director of the open space program. (See N.J.A.C. 7:36-6.5(a)2) *If the Local Unit's form of government does not allow for the Mayor to sign without a resolution from the governing body, please include the number and date of the resolution along with a copy of the passed resolution.*

Special Notes

1. This ROSI, as completed and duly executed, shall be incorporated into both (1) the Green Acres Project Agreement and (2) the Declaration of Encumbrance.
2. The Local Government Units' governing body and planning board should designate, with appropriate descriptive labels, all lands listed on this ROSI in any revision or update of the following master plan elements: recreation plan, conservation plan, and land use plan. However, failure to do so shall have no effect on the validity of the ROSI.
3. If lands held by the Local Government Unit for recreation and conservation purposes are omitted from the ROSI by mistake, inadvertence, or otherwise, such lands shall be subject to the same terms and conditions, covenants, and restrictions as they would be if they were included. Deletion or omission of lands listed on previously submitted ROSI's is prohibited without prior written approval of the Green Acres Program, and may require a public hearing. See N.J.A.C. 7:36-25.3.

Please check the Green Acres web site at <http://www.nj.gov/dep/greenacres/pdflaunch.html> for an updated version of this ROSI form prior to completion.

All pages of the ROSI must be electronically submitted with the completed original Certification page (page 7) mailed to the Project Manager's attention. Only pages 1 through 3, page 7, and those pages containing property information need to be included in the Declaration of Encumbrance that is sent for recording.
