Drunk Driving Enforcement Fund N.J.A.C. 13:86

Grant Program Summary

Introduction

The Division of Highway Traffic Safety, (DHTS), is responsible for the administration of the Drunk Driving Enforcement Fund (DDEF). This fund was established by N.J.S.A.39:4-50.8. Municipalities, the Division of State Police, interstate law enforcement agencies and county law enforcement agencies may apply to DHTS to use DDEF monies for additional DWI enforcement patrols and any appropriate measures pertaining to other DWI enforcement activities authorized by the DDEF administrative regulations, N.J.A.C. 13:86-1.1 et seq. and approved Director. **These are dedicated funds and cannot be used for any other purpose.**

The following are the kinds of expenditures that are required or permitted under the DDEF Grant program regulations, N.J.A.C. 13:86-2.3, and which must be identified in the Drunk Driving Enforcement Fund Application.

A.1. N.J.A.C. 13:86-2.3(a) 1- **Primary Program/ Required Expenditures**

1. Overtime salaries for additional DWI patrols;
2. Checkpoints at peak violation periods.

******* The entity shall allocate and expend at least 50 percent of the funds for overtime paid to law enforcement personnel assigned to conduct additional law enforcement patrols or DWI checkpoint programs to increase the enforcement of N.J.S.A. 39:4-50.

A.2.- N.J.A.C. 13:86-2.3(a)2 **Optional Primary Funding**

The entity may allocate and expend the remaining funds in accordance with the needs of its drunk driving enforcement program on any of the following items and may reallocate and expend the funds among the items as it determines is necessary during the course of the SFY in which the grant is received for such items:

1. Salaries for overtime court appearances of law enforcement officers required in connection with the prosecution of a violation of N.J.S.A. 39:4-50;
2. Audio-visual equipment used to document and preserve evidence of enforcement of N.J.S.A. 39:4-50;
3. Breathtesting instruments and supplies approved by the Attorney General pursuant to N.J.A.C.13:51-3.1 et seq.;
4. Blood test kits; and
5. Safety equipment such as cones, flares, lighting, or reflectorized clothing needed to conduct DWI checkpoints for enforcement of N.J.S.A. 39-4-50.

A.3- N.J.A.C. 13:86-2.3(b) **Other Funding**

Prior approval from the Director of the DHTS is required before making any purchases in this category. Funds for this category may be used when the police department has developed a creative program(s) designed to decrease the incidence of drunk driving through additional enforcement related activities. Police are encouraged to work with local school and community leaders to develop new and innovative programs to curtail drunk driving. A detailed description is needed to properly explain what activity or purchase needs to be completed and how this will affect a reduction of DWI for a successful project. In order to be considered for this type of program,

the applicant must already have fulfilled the DWI overtime program requirement in A.1 above. Each request will be evaluated individually and assessed for its impact on reducing DWI. A partial list of items, which may be considered for approval for A.3 Other Funding, is as follows:

- DWI materials for distribution to schools and the general public
- Police vehicles
- Emergency lights (red)
- Laser/radar speed monitoring units
- Speed Monitor Display Signs
- Radio equipment
- Warning signs
- Computer hardware/software
- Any other program or equipment needed to assist in DWI enforcement or education.

Request for Funds Schedule

The amount of surcharge money that is available to each eligible agency in each State Fiscal Year (SFY) is calculated from the monies deposited into the Fund during the previous SFY (the State Fiscal Year runs July 1, through June 30) by Motor Vehicle Services (MVS). MVS will provide the Division of Highway Traffic Safety with a report indicating the amount of funds, including its share of bottle tax monies, available to each agency. By October 1 of each year, HTS will send an application to each eligible agency listing the total amount of the DDEF funds earned in the previous SFY regardless of the amount. Agencies will obtain DDEF approval for programs designed to increase the enforcement of the DWI law as prescribed by N.J.S.A. 39:4-50.8 and the DDEF regulations by completing the application and returning it to the Division of Highway Traffic Safety prior to April 1. Upon approval of the application, the Division will have a check for the full amount issued to the agency. If an agency fails to submit a timely application, the available DDEF monies will be added to the amount available to the agency for the next SFY in which the agency submits a timely application.

B.1. Budgeting Procedures

- a. **Account Setup** – Regulations (N.J.A.C. 13:86-2.6(c) require that a separate DDEF account be activated as opposed to using the general treasury account to deposit checks.
- b. **Municipal Budget** - A separate line item within the municipal budget should be created for the Drunk Driving Enforcement Fund. Agencies are urged to use the amount earned in the previous fiscal year as their projected budget. If an agency does not expend the full amount of the DDEF grant awarded in a SFY before the close of the SFY, the remaining monies must be carried forward into the next SFY. At least 50% of the unexpended amount must be expended in accordance with 2.3(a) 1 and the remainder in accordance with 2.3(A)2, discussed above.
- c. **Upon request** - The Division will notify eligible agencies of their DDE funding total by October 1 of each year. Departments may request information on programs and funding amounts at any time. This will be accomplished by calling the Division of Highway Traffic Safety DDEF Coordinator at (609) 633-99255, or writing the Division of Highway Traffic Safety, P.O. Box 048, Trenton, 08625-0048.
