Law Enforcement Performance/Productivity Standards for Federally Funded NJDHTS Grants

On the recommendation of the National Highway Traffic Safety Administration, the federal agency that provides the grant funding for programs such as *Click It or Ticket*, *Drive Sober or Get Pulled Over, and UDrive. UText. UPay.*, many states are implementing performance standards for law enforcement agencies that receive grant funding.

The NJ Division of Highway Traffic Safety has reviewed available NHTSA standards on this issue as well as the standards that have been enacted in other states. In this time of declining resources, greater competition for funding, and greater oversight and scrutiny by the federal government of enforcement overtime funding awarded by states to their local police agencies, the Division of Highway Traffic Safety has established the following enforcement benchmark for its grantees:

Acceptable performance standard = 2 motor vehicle stops per grant overtime hour. If an officer undertakes an arrest during the grant funded shift that arrest will be credited = 4 motor vehicle stops.

The Division of Highway Traffic Safety is not setting a minimum standard relating to summonses issued, but grantees are reminded that these are enforcement (not warning) campaigns.

*** It is very important that each officer who works a grant-funded overtime shift lists the total stops, and any arrests made, on the Officer Daily Report form. ****

Hopefully these standards will provide at least a basic answer to the often asked question... what is acceptable performance? Other things that will be looked at to judge the effectiveness of a local enforcement grant include timely reporting and the data provided on the Enforcement Summary Report. Failure to adhere to these standards may negatively impact future funding opportunities for your agency.

HTS Mobilization 2021 Distracted Driving Crackdown Organization: Vineland City Narrative Description of Project

[✔] I agree to the Terms and Conditions found below.

Problem Statement:

Distracted driving is a dangerous epidemic on America's roadways. In 2018 alone, 2,841 people were killed in distracted driving crashes. In New Jersey, driver inattention remains the most significant cause of fatal and incapacitating crashes. Driver inattention was listed as a contributing circumstance in 50 percent of the state's crashes in 2018. Driver inattention was in fact listed as a contributing factor in crashes at a rate more than seven times higher than that of the next highest contributing factor (speed).

Distracted driving is any activity that diverts a person's attention away from the primary task of driving. All distractions endanger driver, passenger, and bystander safety. These distractions include:

Texting
Using a cell phone or smartphone
Eating and drinking
Talking to passengers
Grooming
Reading, including maps
Using a navigation system
Watching a video

Adjusting a radio, CD player, or MP3 player

But, because using a hand held cell phone while driving to make calls or send text messages requires visual, manual, and cognitive attention from the driver, they are by far the most alarming distractions.

April is National Distracted Driver Month, which is a time to remind New Jersey motorists of the state's distracted driving laws, which include a ban on hand-held cell phone use and text messaging by all drivers and a ban on all cell phone use (hand held or hands free) by novice drivers.

From April 1-21, 2021 (and in some grants for a more extended project period), police officers, on an overtime basis, will conduct special enforcement patrols targeting distracted drivers. The enforcement will take the form of roving patrols and fixed checkpoints.

Objectives:

To reduce the number of motor vehicle fatalities in the state with a distracted driver contributing cause (as detailed in the FY2021 New Jersey Highway Safety Plan) through targeted distracted driving enforcement and education during the 2021 Distracted Driving Crackdown U Drive. U Text. U Pay.

Methodology:

REMINDER: As per directives from the National Highway Traffic Safety Administration (which provides the federal funding for this grant) Chiefs of Police are <u>not</u> eligible to work grant-funded overtime through this grant.****

HTS Mobilization 2021 Distracted Driving Crackdown Organization: Vineland City Narrative Description of Project

This federally-funded grant project consists of an enforcement overtime campaign from April 1 through April 21, 2021 (and for a more extended project period in some grants). The project is designed to raise awareness about the dangers of distracted driving, to offer deterrence through visible enforcement, and to issue summonses for relevant motor vehicle violations. The grant will pay for overtime enforcement during the approved crackdown period, with a maximum rate to be reimbursed of §60 per hour. The overtime hours will be used for roving patrols and checkpoints.

This is a reimbursement grant. Participating departments will incur all costs and then submit the necessary documentation to the Division of Highway Traffic Safety for reimbursement.

This is an **enforcement campaign**. A reasonable number of distracted driving related summonses are expected in relation to overtime hours worked.

All grantees are expected to conform to the established "Law Enforcement Performance/Productivity Standards for Federally Funded NJDHTS Grants."

The maximum project overtime rate is \$60.00 per hour regardless of what officer works the project hours. The officer is to receive the full dollar amount in overtime. Administrative costs or fees should be considered "in kind services" or soft matches and are not a part of this grant. It is up to the agency to establish its pay rate for the project. The Division encourages agencies to pay all participating officers a flat \$60 per hour rate for this overtime detail, but agencies may pay their usual overtime rates, if they wish, in which case the reimbursement from the Division will be:

Officers paid \$60.00 - project will reimburse at \$60.00 per hour.

Officers paid less than \$60.00 - project will reimburse at that lower rate.

Officers paid more than \$60.00 - project will reimburse at \$60.00 per hour with the municipality covering the remainder of the rate.

Again, the maximum hourly rate to be reimbursed is \$60 per hour, regardless of whether all the grant-budgeted hours are worked or not.

Dear Safety Partner,

The up- coming Distracted Driving mobilization grant, scheduled to begin April 1, 2021 is ready in SAGE. You are requested to apply for a grant based upon your statewide ranking where driver distraction has been indicated as a contributing factor for crashes. Please refer to the attached listing to find your agency. Please note that there will be varying budget amounts to be awarded as well as project periods for each of your listings on the attachment. These selections are based solely upon data. This is something we are now required to do by NHTSA.

To apply for your grant please sign onto SAGE and being guided by the attachment locate your agency's amount authorized and project period. This information will need to be entered onto SAGE. This varies from years past where this information was supplied for you on the application. Other than that the procedure is the same as in past.

If you have any questions please do not hesitate to contact me at (609) 376-9713 or Suzanne O'Hearn at (609) 376-9709
