

ANTHONY R. FANUCCI
MAYOR

September 3, 2021

Dear Council President Arthur and Members of City Council,

As you are probably aware, Governor Murphy refunded the Urban Enterprise Zones within the State of New Jersey. As such, the City of Vineland is entitled to five members on the Board of Directors of the Enterprise Zones Development Corporation of Vineland and Millville. Millville is entitled to four members on the said Board.

In accordance with the bylaws of the Enterprise Zone Development Corporation of Vineland and Millville, the Mayor of each City appoints members to the Board with the advice and consent of City Council. One member is myself as Mayor of the City. As a representative of the governing body I am appointing Councilman Paul Spinelli to sit on the Board as well since he is well familiar with the board and its functions. I am also appointing Mr. Fernando Torres, Raquel Soto, and Suzette DeMarchi as members of the Board.

I would respectfully request that you would favorably consider these appointments by way of a Resolution to ratify and confirm their appointments in accordance with the bylaws of the Corporation.

Respectfully Yours,

Anthony R. Fanucci, Mayor
