Mike,

A failure in the storm drain piping has been found on N. Mill Road, south of Gallagher Drive. This situation has worsened and I feel that this constitutes an emergency condition requiring action within the immediate future to avoid collapse and potential harm to the public.

It took me some time to get quotes, but I did receive quotes from two contractors.

Unless you feel differently, I will authorize the contractor to plan to begin the work at their earliest convenience.

Attached is their quote for \$84,500.

Very truly yours,

David J. Maillet, P.E.
