Narrative Description of Project**

[✓] I agree to the Terms and Conditions found below.

Problem Statement:

Problem Statement:

Driving while intoxicated remains a major contributing factor in fatalities, crashes and injuries on the State's roadways. Over the five year period 2016-2020, New Jersey's roadways experienced 33,798 alcohol involved crashes, resulting in 662 fatalities. It is also important to recognize and address the dangers posed by drivers under the influence of illicit drugs and prescription medications. After four consecutive annual increases, the State experienced a 9.2 percent decline in drug involved driving crashes in 2020. However, overall crash totals declined 30.7 percent during that year, indicating that drug impaired driving decreased at a much lower pace.

Between August 19, 2022 and September 5, 2022, police officers, on an overtime basis, will conduct special enforcement patrols targeting impaired drivers. The details will consist of roving patrols and fixed checkpoints.

Objectives:

To reduce the number of alcohol and drug related motor vehicle crashes and fatalities in the state, as detailed in the FY2022 New Jersey Highway Safety Plan, through targeted impaired driving enforcement during the 2022 Drive Sober or Get Pulled Over Statewide Labor Day Crackdown.

Methodology:

REMINDER: As per directives from the National Highway Traffic Safety Administration (which provides the federal funding for this grant) Chiefs of Police are not eligible to work grant-funded overtime through this grant.****

This federally-funded grant project consists of an enforcement overtime campaign from **August 19 - September 5, 2022**. The project is designed to raise awareness about the dangers of drinking/drugging and driving, to offer deterrence through visible enforcement, to arrest impaired drivers, and to issue summonses for relevant motor vehicle violations. The grant will pay for overtime enforcement hours during the approved project period, with a maximum rate to be reimbursed of **\$70 per hour**. The overtime hours will be used for roving patrols and checkpoints.

This is a **reimbursement grant**. Participating departments will incur all costs and then submit the necessary documentation to the Division of Highway Traffic Safety for reimbursement.

This is an **enforcement campaign**. A reasonable number of impaired driving arrests and other summonses are expected in relation to overtime hours worked.

All grantees are expected to conform to the established "Law Enforcement Performance/Productivity Standards for Federally Funded NJDHTS Grants."

Organization: Vineland City

Narrative Description of Project

The maximum project overtime rate is **\$70.00 per hour** regardless of what officer works the project hours. The officer is to receive the full dollar amount in overtime. Administrative costs or fees should be considered "in kind services" or soft matches and are not a part of this grant. **It is up to the agency to establish its pay rate for the project.** The Division encourages agencies to pay all participating officers a flat \$70 per hour rate for this overtime detail, but agencies may pay their usual overtime rates, if they wish, in which case the reimbursement from the Division will be:

Officers paid \$70.00 - project will reimburse at \$70.00 per hour.

Officers paid less than \$70.00 - project will reimburse at that lower rate.

Officers paid more than \$70.00 - project will reimburse at \$70.00 per hour with the municipality covering the remainder of the rate.

Again, the maximum hourly rate to be reimbursed is \$70 per hour, regardless of whether all the grant-budgeted hours are worked or not.

Action Plan and Methodology

In the box below provide a brief analysis of available data from your jurisdiction pertaining to the issue involved in this grant, as well as your plan of action and targeted areas of enforcement for this campaign.

****NEW:**

All NJ DHTS grantees are required to engage the community, including new, traditionally underserved segments of the community. In addition to your enforcement action plan, please describe tasks you will take to foster community engagement to maximize the effectiveness and reach of this campaign.

Funds from this grant will be used for 150 hours of roving patrols. Vineland has experienced 348 alcohol/drug related crashes from 2015-2019. We aim to reduce our yearly average of 70 alcohol/drug related crashes with active enforcement, driver education, roving patrols, and social media awareness.

Your action plan can also be attached here:

Evaluation (Administrative (Performance) Evaluation)

I agree to the Terms and Conditions found below.

1. News release sent to local media and resolution/proclamation approved by local governing body.
2. A reasonable number of motor vehicle stops conducted, summonses issued, and impaired driving arrests made in relation to overtime hours worked.
3. "Law Enforcement Performance/Productivity Standards for Federally Funded NJDHTS Grants" adhered to.
4. Display Variable Message Board with the "Drive Sober or Get Pulled Over" theme during the project period, if possible.
5. Timely submittal of Enforcement Summary Report(s) and Financial Reimbursement claim(s) in SAGE.
